## Build a Hand-Held Gaming System

2wks

In this class, we will take a kit computer and use Android and Linux to create a hand-held multipurpose gaming system that can run games from across the decades. No knowledge of electronics is necessary!  
Prerequisites: None

**Mondays–April 7 to April 14**  
**10am-12:30pm or 3:30pm-6pm**  
**Location: JobLink**  
**Instructor: Sam Laker**

## CNC Wood Cutting and Engraving

4wks

In this class, you'll learn everything you need to know to design and create your own CNC wood cut and/or engraving projects. We will discuss the CNC router operation, how to setup the router table correctly, how to program a router path to cut the materials specified—at the correct feeds and speeds, within the desired tolerances, design principals and techniques, and how to get your designs out of the computer and onto a CNC machine. Students will create projects in class and can come to Open Labs to create their own customized wood projects.  
Prerequisites: None

**Tuesdays–January 7 to January 28**  
**8am-10:30am or 3:30pm-6pm**  
**Location: Leon Lynch**  
**Instructor: George Zahariadis**

## Designing for 3D Printing with Fusion 360

7wks

The real magic in 3D printing happens when you are able to create your own designs. In this class you will learn how to use Fusion 360 to design practical and functional products to be 3D Printed. This class will assist you in preparing for the Fusion 360 Certified User Certification exam and will give you the skills and confidence to begin creating your own designs and start turning your ideas into physical objects. **You will be able to purchase the Creality K1 Enclosed FDM printer or equivalent model to be available at time of class for \$200.** Fusion 360 is a free download for students. **Prerequisites: Have taken or enrolled in 3D printing course AND Tinkercad design course. If you choose to purchase the 3D printer you must register and make the \$200 payment a minimum of TWO WEEKS prior to the first day of class.**

**Wednesdays–January 22 to March 5**  
**8:30am-11am or 3:30pm-6pm**  
**Location: JobLink**  
**Instructor: George Zahariadis**

## Eliminate Your TV Bill with the Tablo Whole-Home DVR and Antenna

1wk

The Tablo Whole-Home DVR connects to your TV antenna and your wi-fi router to deliver live broadcast TV and a selection of free streaming TV channels to all screens in your home. Take this class to learn how to set up whole home access with one Tablo device and wirelessly watch recordings. With Tablo, you can eliminate your monthly fees. ## Federal Tax Returns Using Turbo Tax

2wks

Bring your W2's, other necessary documents and previous year taxes to class and prepare your Federal and State taxes. With TurboTax you can find missing information, overlooked deductions, and entries that could trigger audits. You also get money-saving tax advice for this year and next. Turbo Tax prints ready-to-file IRS approved forms on plain paper or, you could file your federal tax returns electronically to receive your refunds faster. State tax returns can be prepared and printed. If State Returns are e-filed Turbo Tax will charge a fee. This could be a great seasonal business preparing tax returns. Prerequisites: None

**Disclaimer: Tax laws and regulations change frequently and their application can vary widely based upon the specific facts and circumstances involved. Users are encouraged to consult their own professional tax advisors concerning their specific tax circumstances. ICD, USW, Z-Tech, and Intuit, disclaim any responsibility for the accuracy or adequacy of any positions taken by users in their tax returns. The above mentioned are not liable for any indirect, special, incidental, or consequential damages (including damages for loss of business, loss of profits or investments, or the like), whether based on breach of contracts, breach of warranty, tort, (including negligence), product liability or otherwise.**
